## 2024 Annual Contribution Report

In 2024, the Regions PAC served as a critical tool as the company advocated for its public policy goals in Washington and state capitals across our footprint. The PAC allows Regions to develop constructive relationships with lawmakers and positively shape policy outcomes through engagement with government officials. Those relationships provide Regions the opportunity to serve as subject matter experts to lawmakers and educate them on how public policy impacts our operations and ability to effectively provide products and services to our customers.

The PAC makes contribution decisions based on a candidate's support for the bank's business model and legislation impactful to the banking industry, their willingness to cosponsor legislation, and whether they join letters to their colleagues and regulators, among other factors. Priority is given to candidates who are members of committees that most directly impact the bank, represent our footprint states, or serve in leadership positions. Decisions are not made on a partisan basis. The PAC also contributes to candidates' leadership PACs and trade association PACs.

The following list shows the \$572,500 in disbursements made from the Regions PAC to political candidates and committees in 2024. All candidates and committees are listed alphabetically. Please email [RegionsPAC@regions.com](mailto:RegionsPAC@regions.com) with any questions.
